INDEX

Volume 44—1988

Main Articles

Lathyrism in poultry—a review—S. D. Chowdhury 7
Modifying egg yolk cholesterol in the Domestic fowl—P. Stewart Hargis 17
Inter-relationships between egg shell quality, blood acid-base balance and dietary Electrolytes—R. J. Hughes . . 30
The domestic fowl in biomedical research: physiological effects of the environment—B. M. Freeman . . 41
Dietary interactions influencing amino acid utilization by poultry—J. P. F. D'Mello 92
Poultry management systems—looking to the Future—H. A. Elsopn . . . 112
The contribution of poultry science to society—Yukio Yamada . . . 172
Supply-demand adjustment for eggs—Lee F. Schrader 179
Strategies for the control of coccidioses in chickens—H. D. Chapman . . 187
Review of adverse effects of chemo-therapeutic agents in poultry—R. L. Reece 193

Abstracts and Short Articles

Implications of developing legislation: bird welfare—K. B. Baker . . . 61
Current knowledge of bird welfare requirements—B. O. Hughes . . 62
Trends in management systems—H. A. Elson 64
Egg quality as influenced by production systems—C. G. Belyavin . . . 65
Antibiotics, poultry production and public health—M. H. Hinton . . . 67
Basis and efficacy of probiotics—R. Fuller 69
Prospects for additive-free feeds—Helen Raine 70
Diseases of free range birds—P. W. Laing . 72
Applications of computer technology in poultry houses—C. G. Belyavin . . 217
Computerization of egg quality assessment—J. Gittins and N. D. Overfield . . 219
Developments in poultry harvesting—P. J. Kettlewell 221
Improvements in bird handling at slaughter—N. G. Gregory . . . 222
Automated control of yield during processing—C. H. Veerkamp . . 223
Update on gene transfer in chicks—M. M. Perry 224
Recent advances in disease control—B. M. Freeman 226
Control of fat deposition—H D. Griffin and S. C. Butterworth . . . 228
Food irradiation: prospects for the poultry industry—T. A. Roberts . . . 230

Recent advances in turkey science

The 'World Turkey Industry' structure and production—John Gasgoyne . . 112
Genetics of turkeys: origin and development—E. G. Buss 112
The physiology of egg production—Peter J. Sharp 113
Recent advances in male reproduction—P. E. Lake 114
Embryology of the turkey—V. L. Christensen 115
Nutrition of turkey breeders—C. C. Whitehead 115
Breeder management—Sally L. Noll . . 115
The growth of turkeys—G. C. Emmans 117
The physiology of muscle growth—H. J. Swatland 117
The nutritional response of growing turkeys—Cliff Nixey . . . 117
The responses of growing turkeys to the climatic environment—D. R. Charles 118
Turkey rhinotracheitis virus—isolation, culture and serology—C. Baxter-Jones and R. C. Jones 118
Enteric conditions of turkeys—Y. M. Saif . 119
General Health status of turkeys—N. E. Horrox 119
Meat yield and carcass composition of turkeys—J. D. Wood . . . 120
Texture of turkey meat—T. C. Grey . . 120
Flavour and taint in turkey meat—J. M. Jones 120
Further processing of turkey meat—R. I. Richardson 121
Turkey rhinotracheitis (TRT) in Great Britain—J. C. Stuart . . . 233

Working Group Reports

The testing of broilers and broiler parent stock in European countries—The current situation—A. R. Kuit (Working Group 3) . . 122
Nutritional requirements of poultry recommendations in European countries—H. Vogt (Working Group 2) 234

Association News
Nagoya Congress—Social Notes . . 75
International Poultry Hall of Fame—Citations 124
Report of Secretary for 1987 . . . 153
Treasurer's Report for 1987 . . . 154
Report of editor and Journal Production Manager for 1987 156
Report of editor and Journal Production Manager for 1984 to 1987 . . . 159
Membership Directory—corrections and additons. 260
Formation of Taiwan Branch . . . 260

Branch News
Danish Branch 75
German Branch . . . . . 76, 160 & 261
South African Branch 76
Israel Branch . . . . . 77 & 262
Polish Branch 160
United Kingdom Branch 263

European Federation News
Working Group No 1—Economics and Marketing 79
Working Group No 2—Nutrition . . 161
Working Group No 3—Breeding and Genetics . . . . . 162 & 263
Working Group No 7—Hygiene and Pathology 79

Forthcoming Events . . . . . 80, 162 & 263

Book Reviews . . . . . 82 & 165

Obituaries . . . . . 83 & 266
